

# CIF Projects and Sustainable Development Goals

CIF projects have directly contributed towards 10 of the 17 UN-Sustainable Development Goals.

CIF projects generally deliver additional benefits that go beyond the climate mitigation and adaptation scope.

CIF projects have successfully leveraged over \$54.5 billion in expected co-financing from MDBs, private sector and other sources that contribute to the SDGs

\* Please note that only the SDGs that are directly impacted by the projects are taken into consideration. The matching of CIF projects with the SDGs are done subjectively based on available information in the project documents. Data based off MDB approved projects in the CIF Semi-Annual Report ending in December 31, 2018.

+ Reporting on CIF contribution to SDG5 is based on assessment of the share of projects in the portfolio hosting sex-disaggregated indicators in their project results frameworks.
